43rd Annual Production Sale

Dear Friends,

Each year we strive to offer an improved genetic selection for you to improve your cowherd – be it commercial or purebred. We endeavor to balance all economically important traits to produce superior, documented, proven genetics.

We recognize it is your support that has allowed GV Limousin to develop this gene pool. GV utilizes the technology and science available to create the type of cattle that will meet the demands of all segments of the industry. We provide you with all the data we have in order to help you evaluate all traits to make an informed selection to meet your specific goals.

Please plan to join us on Saturday, February 17th, 1:00 p.m., in Garnett, Kansas, for our 43rd Annual Production Sale. The auction will take place at the Community Building, Anderson County Fairgrounds, Garnett, Ks. 66032. Lunch will be served from 11:30 a.m. until 1:00 p.m.

The cattle will be available for viewing Friday afternoon, February 16th, and Saturday, February 17th at Ron & Christy Ratliff's Buying Station, 25982 NW Mitchell Rd, Garnett, KS. 66032.

You can view videos of all sale cattle online at DVAuction.com. If you cannot be here on sale day – you can bid online at DVAuction.com. If you choose to bid online, please make sure you are approved prior to the sale. If you prefer to bid over the phone, please contact Arne Hanson or Brandon Davis the week before the sale so you can make arrangements.

Once again, we feel we are offering you one of the stoutest, high-performing sets of Limousin and Lim-Flex cattle you will find anywhere in the country.

No photos in this year's catalog due to weather challenges!

Thank you!

GV Limousin
Arne, Stacy & Zach Hanson

"Our success isn't just about hard work. It comes down to our focus on genetics, our passion for good cattle and the way we treat our customers." - Gene Raymond

Limousin cattle have had a long and documented history of providing genetics to the commercial cattle industry that have superior feed efficiency which remains critical to profitability. Genetics offered by GV Limousin in their annual production sale reflect this economically important trait. The GV herd is heavily influenced by sires that have a proven track history of superior Residual Feed Intake (RFI).

All Birth Weights are actual, all Weaning Weights and Yearling Weights are adjusted to 205 and 365 days of age, respectively. All bull EPDs are accurate as of 12/26/23 and females as of 1/09/24.

You Can Have Your **FEED EFFICIENCY** And Eat It, Too

With rising feed costs and an increased focus on sustainability within the beef industry, feed efficiency is more than a buzzword, it's rapidly becoming a battle cry in an industry challenged to do more, with less.

By incorporating today's Limousin and Lim-Flex genetics into your crossbreeding program, you can capitalize on the breed's inherent feed efficiency advantage while still banking the premiums paid for high quality, high yielding carcasses.

That's two ways to profit, instead of one!

///

"Feed accounts for somewhere between two-thirds and three-fourths of the input costs of the feeding phase. So, feed intake and the utilization of those feed resources really gets at the heart of profitability in our business."

Dr. Bob Weaver, Director of Eastern Kansas Research and Extension Centers

"Using a Continental breed such as Limousin or Lim-Flex on a British-based cow herd gives you the best of both worlds – the maximum combination of a balance between gain, feed efficiency and carcass quality."

Dr. Kee Jim, CEO of Feedlot Health Management Services

Limousin x Angus Hybrid  NORTH AMERICAN LIMOUSIN FOUNDATION

Think LIMOUSIN

Docility & Calving Ease

"Docility and calving ease are the two number-one things for a commercial rancher. And the docility of the Lim-Flex is really great. But calving ease is top of the line. She has to be able to produce a calf without a lot of problems." - *Shane Whiting, Commercial Cow/Calf Producer*

Feed Efficiency & Carcass Merit

"Using a Continental breed such as Limousin or Lim-Flex on a British-based cow herd gives you the best of both worlds – the maximum combination of a balance between gain, feed efficiency and carcass quality." - *Dr. Kee Jim, CEO of Feedlot Health Management Services*

Improved Marbling

"Genomic testing, breeder focus and the heritability of carcass traits have enabled all of us as seedstock producers to make rapid genetic gain in carcass quality. In fact, the marbling EPD value in our breed reflects an improvement of 0.25 to 0.35 for both Limousin and Lim-Flex, making them very comparable to other Continental breeds." - *Dan Hunt, Commercial Cow/Calf Producer*

How much is a bull really worth?

Here is a simple, real-world formula that can be used to calculate how much you can pay for a better bull.

Increase in pounds per calf
 X (the number of calves sired by him per year)
 X (the number of years you keep the bull)
 X (the expected selling price of calves)
 = Addition dollars you can pay for a better bull

For example, a bull that can add 20 pounds to his calves, sires 20 calves per year for 4 years, and his calves sell for \$2.25 per pound.

$$20 \times 20 = 400 \times 4 = 1,600 \times \$2.25 = \$3,600$$

So that bull is worth \$3,600 more than a bull that will keep your weaning weights the same. Take this formula and plug in your own numbers to figure out what you can afford to pay. Remember, this formula doesn't account for improvements in calving ease, replacement quality, yearling weights, feedlot gain and carcass value.

General Information

TERMS: Terms of the sale are cash unless prior credit arrangements are established between buyer and seller. Settlements are to be made with the clerk immediately following the auction and before loading.

BREEDING GUARANTEE: All bulls, at the time of the sale, are guaranteed breeders. A bull is determined a breeder when he settles one or more females and/or passes a satisfactory semen test. **These bulls were all semen tested in December 2023.** Bulls believed to be non-breeders are returned to the seller at the buyer's expense. If they are proved to be non-breeders, transportation expenses of the replacement, if made, will be paid for by the seller. This guarantee is a contract between the buyer and the seller. All other parties are acting as agents or representatives only.

HEALTH: Health certificates will be available with each lot sold.

LIABILITY: Each animal will be at the buyer's risk as soon as sold, but will be cared for by the seller for a reasonable period of time. Every precaution will be taken for the welfare of the animal sold. Neither owner nor sale representatives can be held responsible for any accidents, but every effort will be made to provide for the safety and comfort of those attending this sale.

INSURANCE: Anyone wishing to insure their purchase will be responsible for doing so.

ANNOUNCEMENTS: Announcements made sale day will take precedence over printed material in the catalog.

A full-page background image featuring a sunset or sunrise. The sky is filled with vibrant orange, red, and yellow hues, with wispy clouds catching the low light. In the foreground and middle ground, several bare, silhouetted trees stand against the bright horizon. The ground appears to be a flat, dark field or road. The overall mood is serene and dramatic.

**Thank You for joining us
for the sale!**
