44th Annual Production Sale

Dear Friends,

We would like to welcome you to the 44th Annual GV Limousin Production Sale. Thank you for your interest in our program. We recognize that it is the support of our friends and customers that allow us to continue doing what we are passionate about - developing cattle with superior, proven genetics that will work for you and your specific goals.

We are excited to offer you another set of stout, high performing Limousin and Lim-Flex cattle this year. We continue to invest heavily in available genetic technologies to ensure our cattle have the most accurate data possible on file. All bulls have GE-EPDs. We are confident that our cattle can meet your needs and enhance your cow herds.

This year's production sale will take place on Saturday, February 15th, 1:00pm, in Garnett, KS. The auction will take place at the Garnett Knights' Hall, 1210 NE Golf Course Rd., Garnett, KS 66032. Lunch will be served from 11:30am to 1:00pm.

The cattle will be available for viewing Friday afternoon, February 14th and Saturday, February 15th at Ron & Christy Ratliff's Buying Station, 25982 NW Mitchell Rd., Garnett, KS 66032.

You can view videos of all sale cattle online at DVAuction.com. If you cannot be here on sale day, you can bid online at DVAuction.com. If you choose to bid online, please make sure you are approved prior to the sale. If you prefer to bid over the phone, please contact Arne Hanson or Brandon Davis the week before the sale so you can make arrangements.

Thank you, and we look forward to seeing everyone on the day of the sale!

GV Limousin
Arne, Stacy & Zach Hanson

"Our success isn't just about hard work. It comes down to our focus on genetics, our passion for good cattle and the way we treat our customers." - Gene Raymond

Limousin cattle have had a long and documented history of providing genetics to the commercial cattle industry that have superior feed efficiency which remains critical to profitability. Genetics offered by GV Limousin in their annual production sale reflect this economically important trait. The GV herd is heavily influenced by sires that have a proven track history of superior Residual Feed Intake (RFI).

All Birth Weights are actual, all Weaning Weights and Yearling Weights are adjusted to 205 and 365 days of age, respectively. All bull and female EPDs are accurate as of 12/31/24.

You Can Have Your **FEED EFFICIENCY** And Eat It, Too

With rising feed costs and an increased focus on sustainability within the beef industry, feed efficiency is more than a buzzword, it's rapidly becoming a battle cry in an industry challenged to do more, with less.

By incorporating today's Limousin and Lim-Flex genetics into your crossbreeding program, you can capitalize on the breed's inherent feed efficiency advantage while still banking the premiums paid for high quality, high yielding carcasses.

That's two ways to profit, instead of one!

///

"Feed accounts for somewhere between two-thirds and three-fourths of the input costs of the feeding phase. So, feed intake and the utilization of those feed resources really gets at the heart of profitability in our business."

Dr. Bob Weaver, Director of Eastern Kansas Research and Extension Centers

"Using a Continental breed such as Limousin or Lim-Flex on a British-based cow herd gives you the best of both worlds – the maximum combination of a balance between gain, feed efficiency and carcass quality."

Dr. Kee Jim, CEO of Feedlot Health Management Services

LIMOUSIN

Think

Docility & Calving Ease

"Docility and calving ease are the two number-one things for a commercial rancher. And the docility of the Lim-Flex is really great. But calving ease is top of the line. She has to be able to produce a calf without a lot of problems." - *Shane Whiting, Commercial Cow/Calf Producer*

Feed Efficiency & Carcass Merit

"Using a Continental breed such as Limousin or Lim-Flex on a British-based cow herd gives you the best of both worlds – the maximum combination of a balance between gain, feed efficiency and carcass quality." - *Dr. Kee Jim, CEO of Feedlot Health Management Services*

Improved Marbling

"Genomic testing, breeder focus and the heritability of carcass traits have enabled all of us as seedstock producers to make rapid genetic gain in carcass quality. In fact, the marbling EPD value in our breed reflects an improvement of 0.25 to 0.35 for both Limousin and Lim-Flex, making them very comparable to other Continental breeds." - *Dan Hunt, Commercial Cow/Calf Producer*

GV Purebreds	10	1.09	72	0.23	109	26	6	0.82	14	-0.44	32	1.12	0.05	109.98
Limousin Calves Average	10	1.00	65	0.20	98	25	6	0.60	13	-0.45	24	1.04	0.01	97.13
GV Lim-Flex®	12	0.70	78	0.28	122	28	7	0.91	13	-0.20	37	0.69	0.30	105.54
Lim-Flex® Calves Average	11	0.90	70	0.26	111	25	6	0.90	13	-0.15	35	0.66	0.30	100.10

How much is a bull really worth?

Here is a simple, real-world formula that can be used to calculate how much you can pay for a better bull.

Increase in pounds per calf
 X (the number of calves sired by him per year)
 X (the number of years you keep the bull)
 X (the expected selling price of calves)
 = Addition dollars you can pay for a better bull

For example, a bull that can add 20 pounds to his calves, sires 20 calves per year for 4 years, and his calves sell for \$2.25 per pound.

$$20 \times 20 = 400 \times 4 = 1,600 \times \$2.25 = \$3,600$$

So that bull is worth \$3,600 more than a bull that will keep your weaning weights the same. Take this formula and plug in your own numbers to figure out what you can afford to pay. Remember, this formula doesn't account for improvements in calving ease, replacement quality, yearling weights, feedlot gain and carcass value.

General Information

TERMS: Terms of the sale are cash unless prior credit arrangements are established between buyer and seller. Settlements are to be made with the clerk immediately following the auction and before loading.

BREEDING GUARANTEE: All bulls, at the time of the sale, are guaranteed breeders. A bull is determined a breeder when he settles one or more females and/or passes a satisfactory semen test. **These bulls were all semen tested in December 2024.** Bulls believed to be non-breeders are returned to the seller at the buyer's expense. If they are proved to be non-breeders, transportation expenses of the replacement, if made, will be paid for by the seller. This guarantee is a contract between the buyer and the seller. All other parties are acting as agents or representatives only.

HEALTH: Health certificates will be available with each lot sold.

LIABILITY: Each animal will be at the buyer's risk as soon as sold, but will be cared for by the seller for a reasonable period of time. Every precaution will be taken for the welfare of the animal sold. Neither owner nor sale representatives can be held responsible for any accidents, but every effort will be made to provide for the safety and comfort of those attending this sale.

INSURANCE: Anyone wishing to insure their purchase will be responsible for doing so.

ANNOUNCEMENTS: Announcements made sale day will take precedence over printed material in the catalog.

**Thank You for joining us
for the sale!**
